# STENECOURT

Stenecourt was the first kehilla in Manchester, starting as long ago as the 1790s in a small room. Via the Great Synagogue in Cheetham Hill Road, it moved to its current site in 1954.

The Stenecourt building now houses a bright, modern shul and a number of flexible rooms suitable for all kinds of simchas and events.

Situated in the very heart of the North Manchester Kehilla, Stenecourt is the ideal venue for your simchah.
